

QuackSnacks[®]

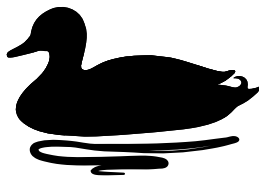

Quacky Races

Paddle as fast as you can around the Quacky Races Circuit, collecting Quack Snacks Packs as you go. The winner is the first duck to reach the finish with four packs!

Preparing The Game

(Adult Supervision Required)

- Print out the game board (pages 2-3). Lay side by side to complete the Quacky Races Circuit.
- Print the Quack Snacks Packs (page 4), then carefully cut them out and place them face up on the game board. You may need to print two sheets for more than 4 players.
- Print the Quack Snacks Cards (page 5) then cut them out and place them face down on the game board.
- Print the ducks (page 6) and cut them out.
- If you don't have a dice you can use from another board game, you can cut out, fold and stick the "emergency dice" on page 6.

How To Play

1. All players should select a duck and place them on the Start / Finish corner.
2. All players roll the dice, the highest roll goes first.
3. Players take it in turns to roll the dice and move their duck the number of squares shown on the dice.
4. When players land on, or pass over the "Quack Snacks" corner, they should collect a Quack Snacks pack.
5. If a player lands on a "Quack Card" corner, they should take a Quack Card from the top of the pile on the game board and follow the instructions - then place the card on the bottom of the pile of cards.
6. If a player lands on a "Quack Quack" square, they should say "Quack Quack" and collect a Quack Snacks Pack.
7. If a player lands on a "Woof Woof" square, they should say "Woof Woof" and place one of their Quack Snacks packs back on the pile on the game board. If they don't have a pack, there's no penalty.
8. When a player has four Quack Snacks Packs, they must first land on, or pass the "Start/Finish" corner to win the race.
9. Players should keep racing around the board until a winner is declared.
10. Happy Quacking!
